2. The Chingai Sripott proposes increase under the following heads nos 1, 3, 4, 5, 6, 7, 8, 10, 12, 14, 16 17 and 19 and a decrease under items 2, 13 and 18 to the extent of Rs 1392.

3. Of these items, nos 1 and 19 relate to the establishment charges. An increase of Rs 5 + 3 have been proposed to the pay of the Peshkar and Gumasta Sreenivasadas thus making an increase of Rs 8/- mensem or 96 a year in item no 1, and a provision of Rs 120/- has been made to the Purchasers Chattram item no 19.

4 Under the head Savings and repairs &c item no 18 a Sum of Rs 229-10-6 has been provided according to the present Jasdih, but the present proposal involves a decrease of Rs 92/2, thus

NOTE— Contn. sheet.

Subd & 18th member.

8. In the note accompanying the proposals I have explained in detail my reasons. In the remarks of the member dated 31st October 1911 an enquiry was made why economies should not be effected under Akhanda and Mukkoti.

9. Under the former we are committed to a fixed quantity of ghee expenditure and what we will have to spend depends wholly upon the market-price.

10. A small saving under Mukkoti has been indicated. Here too as we are proceeding on the principle of feeding all Brahmans visiting the Chatram, the cost is bound to fluctuate. Feeding in a Khastra like Tirupati, or even in like Mukkoti, Brahmans visiting the shrine purely for a pilgrimage when other means of comfort are not available, is the highest form of or Thodar charity. Considered in

NOTE — Contn sheet

GPB—50,000—12 8 10

Serial No.

Religion, and it would be a pity if a restriction on the feeding should be introduced just for the sake of saving a few hundred rupees.

11. I have also indicated how the amounts necessary might be made available for the revision of the existing arrangements in the case of the Chattrams at Hosakote, Malur and Bowringpett. The Revenues of Bangalore and Kolar are agreeable to the stoppage of feeding in these institutions and copies of their letters are put up herewith for ready reference.

12. I have indicated at para 5 of my note how judging by the average of expenditure during the previous years a sum of Rs 450 might be appropriated from Sanitary and Brahmastava and Mukkhi expenses but this process will not leave a margin of safety and any fluctuation in prices would again throw the scale out of gear. A right-margin will help to build up a reserve during good years to be indented upon during years of high prices and this is an element of safety will be

NOTE—Contn. sheet

GPB—50,000—12 8 10

Serial No

introduced in the administration of the Charities. Further there are other calls on the resources for which no provision has been made in the scales. I have therefore omitted to show in the financial statements A + B the probable savings under this head.

Sd
9. Sept. 15.

13 I have appended remarks on the margin of the memorandum. Please revise the statements to show the actual increase (with items individually marked) proposed.

14 If the proposal to abolish Chattras in Hoskote & Malur are carried, some of the men will be thrown out apparently. Would this not be undue hardship & do any provns exist to give them some life allowances?

15 I am also somewhat

NOTE--Contn sheet

doubtful whether it is al-
together fair to abolish Char-
tras here & transfer the
savings to a place like
Tirupati which lies out
of our jurisdiction. How-
ever it is not like other
places and is one of the most
cherished Vaishnava Shrines.

[2]

4. I think it would be
fair that a third of the
increase should be provided
by a State grant & two-
thirds from savings in the
expenditure on Chatras.

17 With the ~~statement~~ Cor-
rections above directed I
the file may be circulated

As a grant from the General Budget was invited, the file was sent to Financial Dept. for opinion. The Financial Secretary thinks that the whole of the additional grant of Rs 1080 should be met from the Mysore Budget and that an extra grant to the Mysore Budget is not financially acceptable. The whole amount can be made available by the stoppage of feeding and revision of establishment in the two stations of Hoskote and Malur. If approved a draft along this line will be submitted.

31 As a principle is involved it may perhaps be necessary to obtain the orders of His Highness.

F I N A L N O T E.

Subject:-- Revision of the establishment and other charges of His Highness the Maharaja's Charities at Tirupati, Chittoor District.

------:o:------

In Government Proceedings No.4672-4 dated 15th June 1905, the requirements of the charities were elaborately considered and an expenditure of Rs.11,130-10-6 per annum was sanctioned. In this scale a sum of Rs.750/- alone was provided for feeding during Brahmotsava and Vaikoti Utsava and owing to the inadequacy of this provision the Government had again in their Proceedings No.4327-9 dated 30th March 1906 to sanction an additional grant of Rs.1500/- per annum to meet the excess cost of feeding during these festivals.

8. Owing to the steady rise in prices even the increased allotment of -- Rs.12,630-10-6 per annum has been found for some years past felt to be inadequate and the excess cost was borne out of the provision in the scale under reference and the accumulated surplus at the credit of the charities.

Pages 4 and 5 of office note

3. The question of further revision was brought up for the consideration of Government some time ago and at first the Government were inclined to think that it might be possible to carry on the work with a mere readjustment of items. After a further study of the question and a detailed examination of requirements, the present Muzrai Superintendent has shown satisfactory reasons why a readjustment was not practicable and has submitted for the sanction of Government certain revised proposals involving a net increase of Rs.1200/- on the present scale of expenditure.

Paper read proposal

Pages 8 to 10 of office note

4. These proposals were examined by me, and somewhat modified. The Muzrai Superintendent's proposal to provide all the additional expenditure by abolishing some Chattrams here did not seem quite fair, and I proposed that a third of the additional expenditure of Rs.1080/- should be met by an allotment from State Funds. The subject$ was twice brought up in Council and it was finally resolved that the proposals as modified by me might be sanctioned.

Para 4

5. On being consulted, the Financial Secretary was of opinion that the whole additional grant should be met from savings in the Muzrai Budget and this opinion has been accepted by the Council who propose to meet the additional cost from the

Page 17 of office note

savings in the expenditure of the [illegible] at Hoskote and [illegible] proposed to be abolished.

Draft for approval

6. A draft order [illegible] above [illegible] fractional [illegible] to it [illegible] to [illegible].

4/2/46

Submitted to His Highness.

The following papers relate to the revision of the establishment and other charges on account of His Highness the Maharaja's Charities at Tirupati, Chittoor District.

(V) Page 14 c/- Office notes

The proposals were considered at a Meeting of the Council held on 6th January 1916 and the Council was of opinion that the revision may be sanctioned as also an additional allotment of Rs.1080/- per year.

Page 19

A Final Note drawn up by the late First Member under date 4th February 1916 explains the case fully.

As the general question relating to the revision of expenditure in certain Anna Chattrams in the State, from the savings of which the additional allotment was to come, was still under consideration, the submission of these papers was deferred. The general question has since been dealt with and the connected papers have been submitted for His Highness' orders separately.

Vide No. 5594 submitted sel a alag [illegible]

I was at first opposed to the stopping of feeding in some of the Anna Chattrams if it was only to make a portion of the money thus saved available for the ----- charities outside Mysore, but the circumstances of --- Tirupati seem special and I, therefore, support the --- recommendation of the Council.

Draft-Ltr

A draft order prepared in accordance with the views of the Council is submitted herewith for the approval of His Highness.

SECTION Land

P. Dis. 224-11

Serial No. 1.

From,

A. Subramanya Iyer Esquire, B. A.,

Muzrai Superintendent in Mysore.

Submit notes 24/10/11

To,

The Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

Sir,

With reference to Government Proceedings No. 81-6/M.F. 291-10-1 dated the 12th instant sanctioning the purchase of a house for use as a Chattram at Tirchanoor and calling for a revised scale of expenditure for the Tirupati Charities, I have the honor to submit herewith the entire vernacular correspondence between the Peshkar and this Office about the revision of the scale of expenditure and to enclose also a statement showing at a glance how the proposals are. Though from the statement it will appear that the Peshkar and I practically agree there are some points of difference which I would like to touch upon.

2. The Peshkar now gets a pay of Rs. 35/- with a Dholy allowance of Rs. 5/-. He wants to have a pay of Rs. 45/- which his predecessor was getting and also the Dholy allowance of Rs. 5/- or at least Rs. 5-8-0. I am not prepared to recommend a promotion of more than Rs. 5/-. This will equalise his pay with the predecessor's who was getting no dholy allowance.

3. Gundasura Sreenivasa Char whose pay is only Rs. 12/- has been asking for promotion ever since I was appointed Superintendent. He has been working well. Mr. Anantharama Iyer told me the reserving of promotion; and when a clerk on Rs. 15/- (one

ned for doing the Sri Vyasaraja Matt -
work in th Ramami Rao gave this place to Tirupati
Gumastha S Srinivasa the remark that he should continue to
work at Tirupati. It is necessary that this 'doing duty' system
should be ended and the Gumastha given the promotion he deserves in
the Tirupati Establishment.

4. The promotions of Rs. 8/- a month or Rs. 96 a year are the re-
cause of the increase under Establishment over the scale of expendi
ture sanctioned at present. 4. Akhanda is another item in which
there is a large increase over the present scale of expenditure.
This is unavoidable. As ½ a Maund of ghee is required every day
and a Maund cannot at all be had for Rs. 10/- now. The Peshkar pro-
poses that for meeting this excess and for the Establishment re-
quired for Tirchanoor Chattram the Tasdik should be raised. This
is out of the question.

5. Under Sanitation which is an important and useful item the
average amount of expenditure has been provided and there has been
a saving of a large amount.

6. The increase under Chitta Pakshatra is necessary as higher
wages have to be paid to the coolies carrying the idol during
Utsava.

7. The other items of increase are due to the rise in the prices
of food stuffs.

8. I am not in favor of cutting down the amounts for contingencies

9. The provision for Kandayam and Prasada on the occasion of His
Highness the Maharaja's Birthday is in accordance with the Orders
of Government No. 90-7/Muz.F. 710-09-2 dated 6th July 1910 and G.
2909-0/Muz. F. 506-10-3 dated 17th May 1911.

Flag Z

Flag P

10. Rs. 120/- a year or Rs. 10/- a month has been provided for the
maintenance of the Chattram newly added cancel No. 11 Street 100 .he
will be spent as shown below:-

Oil for lighting	Rs.	1-4-0 per mensem
Jadimali	"	1-0-0 "
Scavenger	"	0-4-0 "
Watchman	"	5-0-0 "
Vessel keeper	"	2-0-0 "
		10-0-0 per mensem or 120/-

The Peshkar strongly feels that a promotion of at least Rs. 5/- a month should be given to the Alankara Viniyoga man who now gets Rs. 3/- for Alankara Viniyoga and Rs. 2/- for Swarna Chatri. I am not yet satisfied of this necessity and so have proposed no promotion. Should in the course of my inspection I should find this to be absolutely necessary, I shall recommend the savings of 137-10-6 to be drawn upon.

I have the honor to be,

Your most obedient servant,

Mazra Superintendent.

orlu Archak Dt., as relised

Encls. 6 Statement file

OFFICE OF THE MUZRAI SUPERINTENDENT IN MYSORE,

Dated Bangalore, 6th September 1915.

T. 4.25

FROM

G. ARAVAMUDU IYENGAR, ESQ., B.A., B.L., 224-11-2

MUZRAI SUPERINTENDENT IN MYSORE,

BANGALORE.

To

V. R. Thyagaraja Iyer, Esquire, M.A.,

Secretary to the Government of His Highness

the Maharaja of Mysore, Revenue Department.

SIR,

Adverting to your docket No.1050/Muz.F.224-11-2 dated 9th November 1911, returning the proposals for the revision of the scale of Tirupati Charities enquiring whether it was possible to effect further savings under certain items of expenditure, I have the honour to state as follows:--

The proposals submitted by my predecessor Mr A.Subbarama Iyer have as their main object a readjustment of expenditure within the total allotment; but as the result of a close watch over the working of the charities during the last 2½ years, I have been in charge, I feel it incumbent on me to record that if the charities have to continue with the same efficiency and to the same extent as heretofore, some additional allotment appears to be quite necessary. I, therefore, deem it necessary to submit revised proposals for the favourable consideration and kind sanction of Government. The accompanying memorandum explains in detail the reasons for my departure from the proposals of my predecessor.

I have the honour to be,

Sir,

Your most obedient servant,

Muzrai Superintendent.

From

THE MUZRAI SUPERINTENDENT
IN MYSORI

To The Secretary to Govt
Revenue Department

Subject.

Submits proposals
for revising the scale
of expenditure in the
Dispensaries

M E M O R A N D U M.

The scale of charges was last revised in Government Order No.4672-4 dated 15th June 1905 and since then there has been a steady increase of prices as will be seen from the statement of contract rates (Statement D.) and from the Nirakupatti of market rates obtained from retail dealers at Tirupati (Statement E.) We have been so far able to secure in our contracts lower rates than the market prices but this is due to keen competition and it may not be possible to secure this advantage always. It will be safe, therefore, to assume for purposes of revision, a position midway between the two rates, at least in the articles of large consumption.

2. In submitting the proposals I shall take up the items in the same order mentioned in the Government Order of 1905.

I. For service in the Sri Venkata-ramanaswami temple on the Hill.

(a) Monthly charges:--

1. For Ghee Akhanda to be maintained in the Garbhagudi.

This Brahma Akhanda was installed or rather renewed in 1897 and it was ordered that it should perpetually be maintained by the State without consideration of cost. A provision of Rs.1800/- a year was made on the basis of a consumption of 25 seers of ghee per day, the price of a maund being taken at Rs.8/-. By experience it has been found that 20 seers of ghee would be sufficient but the price of ghee having risen, there has been a systematic increase under this head. The

highest cost incurred for this item was in 1912-13 when the figure stood at Rs.2208-10-2 and the contract rate at Rs.12/-. There has been a slight fall in the contract rate during the last two years, but it is safe to assume Rs.12/- as the price per maund, this being the average for the previous 6 years. Worked on this basis, the cost per year would amount to Rs.2196/-. A sum of Rs.400/- will, therefore, have to be added under this head. Mr. A. Subramanya Iyer recommended Rs.2184/- which is practically the same.

2. For Arati to the Deity whenever the Utsavam passed in front of His Highness the Maharaja's Chattram on the Hill.

The average cost during the last 10 years has been Rs.19-8-1 (Vide Statement C.). The present Tasdik of Rs.12/- may, therefore be raised to Rs.20/- per annum. Mr. A. Subramanya Iyer proposed Rs.24/-.

3. For Alankara and Padhyodana in the temple.

10 seers of rice and condiments per day are utilized for Naivedya to the Deity and distribution to Sri Vaishnavas and other orthodox pilgrims who may have scruples to mess in the Chattram. The existing scale provides Rs.63/- under this head which no longer represents the actual cost incurred owing to the raise in prices. The average cost during the last 5 years, worked out at Rs.78-8-0 per month and the tendency has been towards a regular increase in cost. A sum of Rs.80/- a month at least is necessary under this head. It may also be mentioned here, that the temple cooks have a Mirasi right for $\frac{1}{4}$ of the food prepared and this is commuted into a cash payment of Rs.4-4-0. It is re-

pe

The expenditure for the last 2 years has been about Rs 85 a month and if the Mirasi is also included Rs 90 will be necessary at least.

reported that the Hakdar Swayampakis stand out for payment in kind or higher commutation rates. A compromise will have to be arrived at, which may mean some additional cost. I understand that even the quantity now offered is very often insufficient for the assembled pilgrims and the quantity will not, therefore, bear reduction.

Mr. Subramanya Iyer's proposal under this head is Rs.70/- per month.

4. For His Highness the Maharaja's Janma Nakshatrakatle Utsavam.

Owing to increased payment to the Sripadas carrying the Palki and increased prices, the present provision of Rs.7-8-0 per month is insufficient and has to be increased to Rs.12/- which is the amount recommended by my predecessor.

5. For Payasa to be offered every Friday.

The average cost under this head for the last 10 years has been 74-4-10. The present allotment of Rs.72/- may, therefore, be raised to Rs.75/- a year which is also the proposal of Mr. Subramanya Iyer.

(b) Annual Charges.

1 and 2. For Utlotsava and Pallavotsava.

The average cost for the last 5 years has been Rs.14/- and Rs.64/- respectively, against the sanctioned allotment of Rs.10-0-6 and Rs.45/-. The difference in cost is due to rise in prices as fixed quantities of

Neivodya are offered. Mr. Subramanya Iyer proposes Rs.16/- for the former and Rs.60/- for the latter. would recommend on the basis of average expenditure Rs.15/- and Rs.65/- respectively.

II. For the services in the Sri Mahalakshmi temple at Tiruchanoor.

---

1. For Dadhyodana Naivedya.

Four seers of rice made into Dadhyodana are offered as Neivedya daily and distributed to Desantris. The present provision is Rs.22-8-0 which is altogether insufficient. It may be raised to Rs.30/-. In addition, Payasa is offered every Friday. For this, there is a provision of Rs.6/-. The average cost for both the items during the last 5 years has been Rs.36/- a month which is the amount now recommended for sanction. Mr. Subramanya Iyer proposes Rs.31-8-0 for these items.

I would in this connection submit that the local informed opinion is to the effect, that Kunkumarchane should also be performed in the temple in the name of His Highness the Maharaja on Fridays to be followed by the offering of Payasa. This appears to me quite appropriate and if approved an additional allotment of Rs.2/- per month will be necessary. Thus the expenditure under this head would aggregate to Rs.38/- a month against Rs.28-12-0 now provided.

III. For feeding in His Highness Maharaja's Chattram on the Hill.

41

V. (a) "Temple Establishment on the Hill" is proposed to be added on under the present head as I understand that Dodda Jeeyangar feels it an indignity that he, a Mathadhipathi, should be brought under Temple establishment.

V. For Establishment Charges.

(a) Temple Establishment on the Hill.

Payment to Dodda Jeeyangar will be dropped under this head for reasons mentioned above. Re.1/- is added to the pay of the Swarna Chatri holder as it is reported that the work is arduous owing to the heavy weight of the Chatri and as the holder is required to carry it all through the temple processions and various functions in the temple itself.

(b) Chattram Establishment on the Hill.

The following alterations are recommended:--

There is a provision of Rs.7/- for Alankara Viniyoga and Keeper of vessels which has since been split up under Government Order No.1927-8/Mun.F.353-10-2 dated 4th July 1911, to one of Rs.3/- for Alankara Viniyoga and Rs.4/- for keeper of vessels, as in experience it was found impracticable for both the offices being combined in one man.

The Peshkar reports that a separate keeper of vessels is not quite necessary and the work may be attended to by one of the gardeners. The Alankara Viniyoga service is said to be arduous and that no per-

42

man can be made available on the small allowance now granted. Out of Rs.4/- set free by the abolition of the post of keeper of vessels Rs.2/- may be granted as an additional allowance to Alankara Viniyoga man and Re.1/- to the Devatarchane man who has also a lot of duties to attend to in connection with the feeding.

Rs.2/- is allowed to the scavenger for latrine cleaning once a day. There is a great deal of complaint from gentlemen visitors as that latrine accommodation is not sufficient for a Chattram of this magnitude and the subject has also been repeatedly brought to my notice by the sanitary authorities on the Hill. I am making arrangements to have 2 more latrines and a couple of urinals put up and a full time scavenger is absolutely necessary to clean these and he will also attend to the general sweeping of the grounds. An increase of Rs.5/- bringing the pay to Rs.7/- is, therefore, provided for. There will thus be an increase of Rs.4/- in the aggregate under V (b).

(d) Establishment at Tiruchanoor.

Since the date of the last general revision a Chattram building has been acquired at Tiruchanoor and an establishment of Rs.5-12-0 a month has been sanctioned in Government Order No.1825-6/Mus.F.291-10-8 dated 6th February 1912 for the care of the Chattram. A slight revision under this head appears to be necessary.

The Viniyoga man at the temple gets only Rs.2/- which is much too low to retain the services of a satisfactory individual. I would propose an allowance of Rs.4/- adding to the duties the proposed Kunkumarchane in the temple and a general supervision

over the Chettram and its establishment.

Rs.5/- allowed for the watchman has to be raised to Rs.6/- as in the case of the other peons on the Tirupati Establishment, the present pay being too low for the full time services of a suitable man. Further this will enable the Peshkar to effect occasional transfers among the menial establishment. The Jadamali's pay of ~~Rs.~~ As.12 may be raised to Re.1/- as in the case of the other Jadamali at Tirupati.

Re.1/- is allowed for oil at present and this will be added on to the contingent grant under VI.

(e) Office Establishment.

The Peshkar N. Srirangachar now draws a pay of Rs.35/- with a Dholy allowance of Rs.5/- per month. In fixing the present pay the late Dewan Sir P. N. Krishna Murti was pleased to remark as follows:--

"Peshkar deserves an increase of pay. I have long watched his career and he seems deserving. His present pay is very inadequate. His predecessor was drawing Rs.40/- (it was actually Rs.45/-). I would raise his pay to Rs.35/- and give Dholi allowance of Rs.5/-. Two or three years hence the pay may be again revised if the Peishkar continues to give satisfaction. He has large responsibilities and richly deserves." Since the date of the above remark the responsibilities have increased, another Chattram being brought under his control, As the man and his work are so well known it is not necessary for me to record here my appreciation of his single minded devotion to his duties and the high pespect he commands both among the towns-men and the Devastanam and Government authorities. He

Honorary Magistrate and his services are being requested for the Municipal Commission, though he has been declining the honour as that may interfere with his official duties. Recently he has been chosen to give evidence before the Government Committee for investigating the conveniences necessary at centres of pilgrimage. Being the representative of the Mysore Government for the administration of the extensive charities located outside the State, a more decent pay appears to be called for both as a recognition of the excellent service rendered by the present incumbent and as an appropriate remuneration for the heavy responsibilities of the office. The previous incumbent was actually drawing Rs.45/- though at that time there were local Dharmadarsis to supervise the charities. For various reasons I consider it inexpedient to resuscitate the system of Dharmadarsis so far as this institution is concerned and it is therefore all the more necessary to give a higher status to the chief man in charge. I would propose as the pay for the office Rs.40-2-50 which is the minimum commensurate with its responsibilities. Srirangachar may also in addition draw the allowance for Dholy which owing to his poor physique he has to use in going to or returning from the Hill.

As regards the Gumastas (items 2 and 3) the pay may be fixed at Rs.15/- each, without difference as they do the same kind of work taking turns for residence on the Hill. Actually both the clerks are now drawing Rs.15/- one of the clerks of the Muzrai Superintendent's Office being deputed to do duty at Tirupati instead of the clerk on Rs.12/- who is retained for duty at the Muzrai Superintendent's Office. This system is objectionable in itself and has also been found fault with by the Comptroller and may therefore once for all be abolished.

I may in this connection bring to the notice of Government that Garuda Char has been actually drawing this pay since December 1899 while Srinivasa Char has been getting Rs.15/- since 1906. As there is no prospect of any promotion for them in the near future, a personal or local allowance may, if approved, be sanctioned. In the scheme I have provided Rs.3/- for the former and Rs.2/- for the latter. At the time of revision of 1905, the Muzrai Secretary actually proposed an increase of Rs.2½ to Garudachar's pay which was not, however, sanctioned at the time. Both the clerks are doing good work and the remarks of visitors have been uniformly favourable to them.

Coming to the menial establishment there are 4 peons on Rs.6/- each and a Daffedar on Rs.7/-, this scale being fixed in Government Order No.2433-4/Muz.F. 496-08-3 dated 30th June 1909. Owing to the rise in prices and wages, it is increasingly difficult to find reliable men to work on this pay without a prospect of promotion. I would, therefore, recommend an increase of Re.1/- to the Daffedar and two peons, the menial establishment standing at

Daffedar.	Rs.8
2 peons.	Rs.7 each
3 peons (including the Watchman at Tiruchanoor.)	Rs.6 each.

VI. Amount set apart for contingent charges.

Rs.17/- per month is being allowed under this head and Re.1/- separately for the Tiruchanoor Chattram. These may be clubbed together and Rs.18/- provided.

VII. Amount to be reserved annually for periodical repairs and unforeseen expenditure.

In the revision of 1905 Rs.313-10-0 was provided under this head. Out of this, Rs.84/- was appropriated for giving a slight increase of pay to the menial establishment in Government Order No.2433-4/ Muz.F.496-08-3 dated 30th June 1909 and again Rs.81/- was appropriated for providing an establishment for the Tiruchanoor Chattram, thus leaving Rs.148-10-0 as the existing provision under this head. This is, however, only nominal as out of this amount an item of Rs.45/- for Kandayam has to be met as also an item of Rs.100/- (the average for the last 10 years being Rs.98-11-2) for the purchase of additional quantity of Prasada for presentation on the occasion of His Highness the Maharaja's birthday and for the travelling allowance of the Peshkar for his annual visit to Mysore.

These two items have to be provided separately in the present revision and a fresh provision has to be made for periodical repairs, not only of the Chattram office and buildings but also for the occasional repairs to the various jewels and articles dedicated for use in the temple. The following considerations will help to fix the amount necessary under this head. On the lowest computation the value of the buildings may be placed at Rs.50,000/- and some of them being old and resorted to by a constant stream of visitors, an allowance per annum of 1% on the value, for their maintenance and periodical repairs will not, it is believed, be considered too extravagant. This would mean an item of Rs.500/- under this head, out of which there will be a recurring expenditure of Rs.120/- a year for general cleaning and white-washing twice a year on the eve of Brahmotsavams and Mukkoti Utsavams.

No separate provision is proposed for the repairs of jewels and other articles given for use in the temple or for the occasional replacing of the vessels placed at the various chattrams and the cost will have to be met from the savings under other heads, particularly under feeding charges.

The net result of the present proposals is given in the appended abstract statement A. A Comparative statement showing the detailed provision under each item is also submitted for ready reference. (Statement B.).

The present aggregate allotment for the charities is Rs.12,643-12-6 to which has to be added an average income of about Rs.26/- a year from the produce of the gardens attached to the Chattram. Thus the total income of the charities may be taken to be Rs.12,669/-. Against this the total expenditure proposed in the present scheme aggregate to Rs.14,199/- rising to Rs.14,319/- or on the average Rs.14,289/- a year. Towards this, a possible saving of Rs.450/- under feeding charges is indicated and if this is approved an additional allotment of Rs.1200/- in round number will have to be provided. In case the feeding allotment is allowed to be left intact an additional provision of Rs.450/- or Rs.1650/- in all will have to be made.

It is a matter for consideration whether the Government will approve of the deficit being made good from the General Revenues. It may be submitted that the increased provision found necessary under ghee Akhanda, viz., Rs.400/- may at least be considered to stand on a separate footing as this is a service recently resuscitated under the express orders of Government

that it should be fully maintained. However this may be, I submit for the consideration of Government the following proposals to find the necessary funds to admit of the present revision.

There are only two ways open if the amounts are to be found within the Muzrai Department by appropriation. The one is to take the surpluses from some of the Major temples preferably Venkataramanaswamy temples such as those at Guttahalli, Chick Tirupati etc., as in a way these temples may be considered to be local representatives of the central temple at Tirupati. This may, however, be considered to be inexpedient as it may give rise to local dissatisfaction.

The other way is to find the funds from a revision of the Tasdik allotments of certain of the Anna Chattrams within the State as the main activity of the Tirupati Charities is concerned with the feeding of pilgrims. For the revision in the present connection the Chattrams pre-eminently indicated may be considered to be those which according to popular opinion at least were said to have been established in their present places, so as to cater to the needs of the Tirupati pilgrims in the pre-railway days. These Chattrams are those at Hoskote, Malur, Kolar and Mulbagal (now at Narasimha Thirtha). I would leave the latter two in fact the one being District Head Quarters and the other being a place of pilgrimage. The Anna Chattrams at Malur and Hosakote will be available for revision and the stoppage of feeding arrangements in both these two has been recommended already in another connection. I would add to the above, the Chattram at Bowringpet which is no longer necessary, now that Kolar is connected by railway with Bowringpet. Further

there is not even a Chattram building available at the place. Statement F shows the Tasdik allotment and the expenditure under establishment and Nehimies in these Chattrams and the amount available for appropriations elsewhere if the feeding is stopped, leaving a small establishment to cater to travellers on payment. A sum of Rs. 136 - 1 · a month or Rs. 1632-12, per annum can be made available which is more than sufficient to make good the deficit. The opinion of the Deputy Commissioners as regards the stoppage of feeding in these institutions has been called for already. I may submit, however, that leaving apart the local vested interests, the general public will not, ~~consider~~ it appears to me, consider the stoppage of feeding at these places as a very great grievance.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

R E A D

Government Proceedings No.4672-4/ dated 15th June 1905, sanctioning the revision of establishment and other charges of His Highness the Maharaja's Charities at Tirupati, Chittoor District, amounting to Rs.11,130-10-6 per annum.

2. Government Proceedings No.4327-9/ dated 30th March 1906 sanctioning an additional grant of Rs.1500/- for feeding during Brahmotsava and Mukkoti festivals in the Chattram at Tirupati.

3. Government Proceedings No.815-6/M.F. 291-10-4 dated 12th October 1911 sanctioning the purchase of a house for use as a Chattram at Tiruchanoor.

4. Government Proceedings No.1825-6/ M.F.291-10-8 dated 6th February 1912 according sanction to the Muzrai Superintendent's recommendation to incur a monthly expenditure of Rs.7/- (out of the amount reserved for annual repairs) for the up-keep of the building at Tiruchanoor.

5. Correspondence ending with letter No.381 ~~ending with letter No.381~~ dated 6th September 1915 from the Muzrai Superintendent

in Mysore submitting revised proposals involving an additional cost of Rs.1200/- per annum for the regision of the establishment and other charges of the said charities and stating that an increased allotment is necessary if these charities are to be maintained at the same standard of efficiency and usefulness.

ORDER THEREON: No. 800-803 dt/11 10 1916
ಜಿಸಿ-224-11-4

In Government Proceedings No.4672-4 dated 15th June 1905, the requirements of the charities were elaborately considered, and an expenditure of Rs.11,130-10-6 per annum was sanctioned. In this scale, a sum of Rs.750/- alone was provided for feeding during Brahmotsava and Mukkoti Utsava and owing to the inadequacy of this provision, the Government had again in their proceedings No.4327-9/dated 30th March 1906 to sanction an additional grant of Rs.1500/ per annum to meet the excess cost of feeding during these festivals.

2. Owing to the steady rise in prices even this increased allotment of Rs.12,630-10-6 per annum has been felt for some years past to be inadequate and the excess cost was being met from the provision in the scale under repairs and from the accumulated surplus at the credit of the charities.

3. The question of further revision was brought up for the consideration of Government some time ago and at first the Government were inclined to think that it might be possible to carry on the work with some re-adjustment. After further experience and a detailed study of the question, the Muzrai Superintendent has submitted an elaborate memorandum with comparative statements examining the requirements of the charities under the various heads and has shown satisfactory reasons for concluding that a readjustment was not practicable. He has accordingly submitted for sanction of Government certain revised proposals involving a net increase of Rs.1200/- on the present scale of expenditure.

4. The increases now asked for are mainly under Akhanda, Alankara, and Lakshmidevi, ~~which is~~ andara due to the rise in prices of articles of consumption such as rice, ghee etc. The necessity for a reserve provision for the repairs and renovation of the charity buildings and other articles dedicated to the worship on the Hill temple is also answerable for a substantial portion of the increase. In addition, small increases to the salaries of the clerical ~~establishment~~ and menial staff of the charities have also been recommended. Against this, a reduction of Rs.450/- in the allotments under Santarpane and Mukkoti and Brahmotsavas is also proposed as the present provision under these heads are not wholly used up. The proposals are well considered and

the

5. The scale of expenditure thus revised is shown in the appended statement and will come into effect from the 1st September 1916. The scale provides for an expenditure of Rs.13,749/- against the present income of Rs.12,669-12-6. There is thus a net addition of Rs.1080/- in the cost, which will be met by appropriation from the savings effected by the stoppage of feeding in the Anna Chattrams at certain unimportant centres in the State, orders upon which are being issued separately. As this appropriation of the Chattram Tasdiks will be available only from 1st of July 1917, the additional cost to be incurred by the present revision for the remaining months of the current year will be met from the surplus at the credit of the institution.

the Government are pleased to sanction them with some slight modifications.

5. The scale of expenditure thus revised is shown in the appended statement and will come into effect from the 1st ~~July~~ Sept-r 1916. The scale provides for an expenditure of Rs.13,749/- against the present income of Rs.12,669-12-6. There is thus a net addition of Rs.1080/- in the cost, which will be met by appropriation from the savings effected by the stoppage of feeding in ~~the Chattrams at Malur and Hoskote as shown below:--~~ the Annachattrams at certain unimportant centres in the State.

No. 800-803—M. F. 224-11-4, DATED 11TH OCTOBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. 4672-4, dated 15th June 1905, sanctioning the revision of establishment and other charges of His Highness the Maharaja's Charities at Tirupati, Chittoor District amounting to Rs. 11,130-10-6 per annum.

2. Government Proceedings No. 4327-9, dated 30th March 1906, sanctioning an additional grant of Rs. 1,500 for feeding during Brahmotsava and Mukkoti festivals in the chattram at Tirupati.

3. Government Proceedings No. 815-6—M. F. 291-10-4, dated 12th October 1911, sanctioning the purchase of a house for use as a chattram at Tiruchanoor.

4. Government Proceedings No. 1825-6—M. F. 291-10-8, dated 6th February 1912, according sanction to the Muzrai Superintendent's recommendation to incur a monthly expenditure of Rs. 7 (out of the amount reserved for annual repairs) for the up-keep of the building at Tiruchanoor.

5 Correspondence ending with letter No. 381 dated 6th September 1915, from the Muzrai Superintendent in Mysore, submitting revised proposals involving an additional cost of Rs. 1,200 per annum for the revision of the establishment and other charges of the said charities and stating that an increased allotment is necessary if these charities are to be maintained at the same standard of efficiency and usefulness.

Order No. 800-803—M. F. 224-11-4, dated, Camp Mysore, 11th October 1916.

In Government Proceedings No. 4672-4, dated 15th June 1905, the requirements of the charities were elaborately considered, and an expenditure of Rs. 11,130-10-6 per annum was sanctioned. In this scale, a sum of Rs. 750 alone was provided for feeding during Brahmotsava and Mukkoti Utsava and owing to the inadequacy of this provision, the Government had again in their Proceedings No. 4327-9, dated 30th March 1906, to sanction an additional grant of Rs. 1,500 per annum to meet the excess cost of feeding during these festivals.

2. Owing to the steady rise in prices, even this increased allotment of Rs. 12,630-10-6 per annum has been felt for some years past to be inadequate and the excess cost was being met from the provision in the scale under repairs and from the accumulated surplus at the credit of the charities.

3. The question of further revision was brought up for the consideration of Government some time ago and at first the Government were inclined to think that it might be possible to carry on the work with some re-adjustment. After further experience and a detailed study of the question, the Muzrai Superintendent has submitted an elaborate memorandum with comparative statements examining the requirements of the charities under the various heads and has shown satisfactory reasons for concluding that a re-adjustment was not practicable. He has accordingly submitted for sanction of Government certain revised proposals involving a net increase of Rs. 1,200 on the present scale of expenditure.

4. The increases now asked for are mainly under Akhanda, Alankara, and Lakshmidevi and are due to the rise in prices of articles of consumption such as rice, ghee, etc. The necessity for a reserve provision for the repairs and renovation of the charity buildings and other articles dedicated to the worship on the Hill temple is also answerable for a substantial portion of the increase. In addition, small increases to the salaries of the clerical and menial staff of the charities have also been recommended. Against this, a reduction of Rs. 450 in the allotments under Santarpane and Mukkoti and Brahmotsavas is also proposed, as the present provision under these heads is not wholly used up. The proposals are well considered and the Government are pleased to sanction them with some slight modifications.

No. 800-803—M. F. 224-11-4, DATED 11TH OCTOBER 1916.

5. The scale of expenditure thus revised is shown in the appended statement and will come into effect from the 1st September 1916. The scale provides for an expenditure of Rs. 13,749 against the present income of Rs. ~~12,669-12-6~~. There is thus a net addition of Rs. 1,080 in the cost, which will be met by appropriation from the savings effected by the stoppage of feeding in the Annachattrams at certain unimportant centres in the State, orders upon which are being issued separately. As this appropriation of the chattram tasdiks will be available only from 1st of July 1917, the additional cost to be incurred by the present revision for the remaining months of the current year will be met from the surplus at the credit of the institution.
